EDUCATION

- | | |
|--|---|
| •National Institute of Technology, Srinagar
<i>Computer Science & Engineering</i> | <i>Aug 2023 – Present</i>
CGPA/Percentage: 8.061 |
| •Nirmal Happy Sr. Sec. School, Hindaun City
<i>Board of Secondary Education, Rajasthan</i> | <i>2023</i>
CGPA/Percentage: 87% |
| •Shri Om Sr. Sec. School, Dhindhora
<i>Board of Secondary Education, Rajasthan</i> | <i>2021</i>
CGPA/Percentage: 98% |

PERSONAL PROJECTS

- | | |
|--|---|
| •Kota-Metro-Planner
<i>Created a responsive web interface visualizing metro lines and interchanges, enhancing route accuracy and user interaction using graph-based algorithms.</i> | <i>Aug-2025</i> GitHub Link |
| <ul style="list-style-type: none">– Tools & technologies used: VS Code, C++, HTML, CSS, JS– Built a responsive web-based route planner that visually displays metro lines, interchanges, and optimized travel routes. Improved algorithm efficiency and user experience by combining DSA principles with modern front-end design. | |
| •Ludo Dice Game
<i>A browser-based interactive dice game built using HTML, CSS, and JavaScript to simulate the dice-rolling mechanism of the classic Ludo game.</i> | <i>Sep-2025</i> GitHub Link |
| <ul style="list-style-type: none">– Tools & technologies used: HTML5, CSS3, JavaScript, VS Code– Strengthened understanding of DOM manipulation, event handling, and game logic implementation in JavaScript. Designed a responsive UI and implemented interactive gameplay using core web technologies. | |
| •Climate-Check
<i>Built a desktop weather application using Python and PyQt5 that fetches real-time data from the OpenWeather API with an interactive, styled UI.</i> | <i>Aug-2025</i> GitHub Link |
| <ul style="list-style-type: none">– Tools & technologies used: Python3, PyQt5, Requests, OpenWeather API– Implemented live weather updates, input validation, and dynamic emoji-based condition display within a polished PyQt5 interface. | |

TECHNICAL SKILLS AND INTERESTS

Languages: C++, Python, JavaScript, SQL, HTML, CSS
Developer Tools: VS Code, GitHub, Oracle
Frameworks / Libraries: Tailwind CSS, PyQt5, Node.js, Express.js, NumPy, Pandas, Matplotlib
Databases: MySQL
Soft Skills: Problem Solving, Team Collaboration, Communication, Time Management
Coursework: Data Structures & Algorithms, Object-Oriented Programming, DBMS
Areas of Interest: Full-Stack Web Development, Algorithms

ACHIEVEMENTS

- | | |
|--|-------------|
| •Oracle Cloud Infrastructure (OCI) Data Science Certified
<i>Achieved certification demonstrating proficiency in cloud-based machine learning workflows, model deployment, and data analysis using Python on Oracle Cloud Infrastructure. (View Certificate)</i> | <i>2025</i> |
| •Data Structures & Algorithms Practice on LeetCode and GeeksforGeeks
<i>Solved 300+ coding challenges across both platforms, strengthening algorithmic thinking, optimization techniques, and analytical problem-solving skills.</i> | <i>2025</i> |
