EDUCATION

- National Institute of Technology, Srinagar** *Aug 2023 – Present*
Computer Science & Engineering CGPA/Percentage: 8.061
- Nirmal Happy Sr. Sec. School, Hindaun City** *2022-2023*
Board of Secondary Education, Rajasthan CGPA/Percentage: 87%
- Shri Om Sr. Sec. School, Dhindhora** *2020-2021*
Board of Secondary Education, Rajasthan CGPA/Percentage: 98%

PERSONAL PROJECTS

- Kota-Metro-Planner** *Aug-2025 GitHub Link*
Created a responsive web interface visualizing metro lines and interchanges, enhancing route accuracy and user interaction using graph-based algorithms.
 - Tools & technologies used: VS Code, C++, HTML, CSS, JS
 - Built a responsive web-based route planner that visually displays metro lines, interchanges, and optimized travel routes. Improved algorithm efficiency and user experience by combining DSA principles with modern front-end design.
- Stealth Escape Game** *Dec-2025 GitHub Link*
A browser-based stealth strategy game built using HTML5 Canvas and JavaScript, where the player navigates through multiple levels while avoiding AI-controlled enemies with dynamic vision cones.
 - Tools & technologies used: HTML5 Canvas, CSS3, JavaScript, VS Code
 - Implemented AI patrol logic, vision-based detection with obstacle blocking, collision handling, and multi-level difficulty progression using core JavaScript. Designed an interactive and visually clear gameplay experience focusing on logic-driven mechanics and real-time rendering.
- Task-Management-App** *Dec-2025 GitHub Link*
Built a full-stack task management web application with user authentication, enabling users to create, track, complete, and manage tasks with a clean and responsive interface.
 - Tools & technologies used: React, Node.js, Express.js, MongoDB, JWT, Tailwind CSS
 - Implemented secure authentication, protected routes, task lifecycle management (Todo, In-Progress, Completed, Abandoned), and persistent task history with backend-driven state handling.

TECHNICAL SKILLS AND INTERESTS

Languages: C++, Python, JavaScript, SQL, HTML, CSS
Developer Tools: VS Code, GitHub, Oracle
Frameworks / Libraries: Tailwind CSS, PyQt5, Node.js, Express.js, NumPy, Pandas, Matplotlib
Databases: MySQL
Soft Skills: Problem Solving, Team Collaboration, Communication, Time Management
Coursework: Data Structures & Algorithms, Object-Oriented Programming, DBMS
Areas of Interest: Full-Stack Web Development, Algorithms

ACHIEVEMENTS

- Data Structures & Algorithms Practice on LeetCode and GeeksforGeeks** *2025*
- Solved 400+ coding challenges across both platforms, strengthening algorithmic thinking, optimization techniques, and analytical problem-solving skills.
